QATAR SERVICE PLATFORM (QSP)

One Platform for e-Services

The **Qatar Service Platform (QSP)** is the flagship initiative under ictQATAR's integrated government (i-Gov) Program to develop and integrate government-wide e-Services in support of their charter to harness ICT to achieve public service innovation.

ictQATAR partnered with Toppan Ecquaria, a Singapore company providing e-government infrastructure consultancy and solutions to develop a single integrated platform called the Qatar Service Platform based on the company's flagship software infrastructure product, the Ecquaria Service-Oriented Platform™ ("Ecquaria SOP™").

The QSP provides the platform that hosts existing and future government e-Services. Designed with a common service gateway, the QSP allows agencies the flexibility to develop and host their e-Services centrally and reap efficiencies across agencies through sharing of common services such as user authentication and e-payment.

The QSP helps to meet the objectives of ictQATAR to connect, enrich and inspire Qatar's citizens and businesses, transforming the way the government and businesses run and improving the lives of the people who live and work in Qatar.

Benefits

- Unified government-wide approach
- Improved efficiency, transparency and governance
- One common platform for all e-Services
- Speedy development and deployment of new e-Services
- Common Service Gateway
 - A trusted service broker between service providers and consumers
 - Common standards and interface for easy publishing, consumption, management and tracking of common services
- Shared costs across common services
- One unified user experience via a single login

"It has been a very good joint effort (between ictQATAR and Toppan Ecquaria) to prepare for the launch of this (QSP) system. We are looking forward to a very high adoption of this system by the business community."

Khoong Chan Meng
Executive Director
Government Information
Management Office (GIMO)
 ictQATAR

QATAR SERVICE PLATFORM (QSP)

Pilot e-Services:

- ✓ **Online service for the Issue of New Commercial Registration (OICR)**
- ✓ **Renewal of Commercial Registration (CR)**
- ✓ **Request for Official Copy of CR**
- ✓ **Change of CR details**
- ✓ **Change of Company Name**
- ✓ **Company Name Reservation and CR Fees Calculation**

"QSP helps the customers to get the services much easier and faster than the classic way - going through the counter."

Hassan Al-Sayed
Gov. IT Platform Manager
Government Information Management Office (GIMO)
ictQATAR

"We are very privileged and honoured to be working with ictQATAR. The people and staff are very committed and dedicated. Together, it is our shared vision and commitment that sees the successful launch of QSP."

Dr Foong Wai Keong
Managing Director
Toppan Ecquaria Pte. Ltd.
